Cake cutting **before** or **after** dinner? If you are serving your wedding cake for dessert, it can be helpful to cut it before serving dinner. Check with your banquet coordinator.

In the past, I have been asked if you are required to provide a meal for the Disc Jockey. Of course not! We are always flattered to be included in your dinner plans and thank you in advance for including us in your reception dinner should you choose to. Please provide a place card for your entertainer. I prefer you choosing the seat location as opposed to the Disc Jockey or Banquet Manager doing so for you.
